## KHIDI Forum

Career Development through Research Opportunities in US

1:30pm, August 4, 2023, Friday, Room Fort Worth

### ***KHIDI Forum***

This forum sponsored by Korea Health Industry Development Institute (KHIDI) aims to provide a platform for Korean researchers who wish to gain training experience in the US where researchers with training experience in the US can share their experiences and opportunities. The purpose is to gather opinions presented in this forum and incorporate them into future implementation of the personnel exchange program conducted by KHIDI.
