

UKC 2023 Distinguished Forum

Yuhan Forum on Cutting-Edge Research in Oncology

1:30pm, August 3, 2023, Thursday, Fort Worth

Yuhan Forum

Yuhan Corporation is a South Korea-based pharmaceutical company founded in 1926 by Dr. Il-han New, an independence activist, educator and innovative entrepreneur. Yuhan has achieved five out-licensing deals during the past five years, resulting in a total deal size of \$3.54 billion. This forum aims to shed light on cutting-edge discoveries and innovative strategies against cancer. Prof. Kwon-Sik Park will discuss the discovery of cancer vulnerabilities by synthesizing human and mouse model data. Prof. Serkin Park will shed light on the biological mechanisms of cancer bone metastasis and present novel diagnosis and treatment strategies. Prof. Ju-Seog Lee will discuss the identification of novel therapeutic targets and the development of targeting approaches, specifically focusing on antisense oligo drugs and metabolic inhibitors. And Seungwon Chung will be sharing insights on the medicinal chemistry efforts in the pharmaceutical company. By bringing together researchers and experts in the field, this forum seeks to accelerate active discussions and collaborations with esteemed academic researchers.
